COURSE OFFERINGS (check the course(s) of your choice):

Saturday morning: 9:00am

1. ____ Perspectives in Church History (Leadership Skills)

Written as a basic introduction to the subject, this course covers four major periods of church history: The Ancient Church, The Medieval Church, The Reformation Church, and The Modern Church. The focus of this study is to gain perspective, both comforting and challenging, to many current issues faced today. Studying history gives understanding of the complexities and richness of Christian faith and doctrine, as well as reinforcement that the Church will triumph.

Instructor: Pastor Paula Collins

Saturday morning: 10:30 am

2. ____ Biblical Beliefs (Bible and Theology)

This course is an overview of systematic theology. Early Christians overcame persecution to become the most dominant religious force the world has ever known. Their fundamental faith commitments supported a manner of life that linked beliefs and behavior, or doctrine and practice. The Apostle Paul warned that deceptions are a significant danger to Christians. Truth, then, becomes essential for living in perilous times. This course formulates an orderly, rational, and coherent account of the doctrines of the Christian faith.

Instructor: Pastor Paula Collins

Saturday morning: 10:30 am

3. ____ The Truth About World Views (Outreach)

This work analyzes the main world religions, cults, and philosophical systems relating to spirituality, morality, and the meaning of life. In a world where multiple "truths" abound, Christians need to be on their guard to avoid deception by other ways of looking at the world in opposition to Christ and His Word. To be prepared is to be well informed and how other worldviews differ from Christianity.
